G Hill Esq
Inspector
Daventry Planning Appeals Inquiry

through the Programme Officer I D Kemp jdkemp@ntlworld.com
March 2009

Dear Mr Hill

DAVENTRY PLANNING APPEALS – S.T.O.P. MEMBERSHIP

I understand from our Area Secretary Ian Dexter that at yesterday's hearing of STOP's evidence at your Inquiry he undertook to provide you with details of our membership.

The tentative figure he gave at the time – 350 – was nearly right. The actual figure of individual members is 372. There are also 2 town councils, 34 parish councils and 6 affiliated action groups of various kinds on our membership list. It is true that the majority of these are in the eastern half of the County, reflecting STOP's origins and special interest in the future of Kettering and Wellingborough, but 33 individuals and 8 parish councils are located within the boundaries of Daventry District. Of the latter, ~~A-~~ Flore, ~~Norton~~, Watford, West Haddon and Weedon Bec – are within reasonably sufficient proximity to Daventry to have particular concerns over its proposed expansion. Of our individual members, 172 live in urban areas, ie not in discrete villages.

As our letter-head states, we are a non-party political organization and entirely open to all.

I hope this provides sufficient information for your purposes.

Yours sincerely,

Chairman.
